Farm - Campus

FARM News, March 25— Hello friends and readers of this paper, we hope you have had as great a success in your work this month as us farmers. Our main big job has been the preparation of our new grounds for corn planting. When we say preparing of new grounds we mean plowing the fields in all directions and picking up all roots after each plowing and burning them. We have cleared and put in condition to plant corn this spring, ten acres of new ground which seems to be more than the usual amount cleared each winter. All the farmers seem to be well pleased with these accomplishments.

We have spent a great deal of our time clearing the land of stumps making new fields for alfalfa since we ran short of hay this winter.

Mr. Cavin brought some Mexican quails and put them in the fields. He was trying to get more birds on our land so as to help the crops and also hunting conditions but to his great disappointment some were eaten by hawks within a week. He has a dozen traps set now and has succeeded in catching four of the clever fowls.

There has been a few rainy days this month and we have finished shucking and grinding into feed a car load of corn. This feed will last the hogs quite a while since they have been greatly reduced in number by the meat cutters.

The chicken ranch is prospering these days, Mr. Lackey seems to be talking the old hens in laying more eggs and less are dying.

Our fifty acres of wheat is sprouting out excellent and we are in hopes of an extra fine crop. This is a large wheat crop compared to what has been planted in past years.

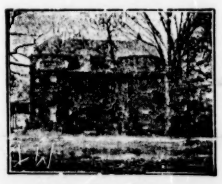
Annie Louise



Annie Louise Cottage,March 23—Spring is here at last! and we are glad for it makes every thing seem new.

We hope that April willbring some fine weather.

Basketball season is ended and and base ball and track have started. We are hoping to have as much success in these as in basket ball.

Mrs. Ghigo spent Sunday at her home in Valdese, and she reported a good time.

Several of our girls made the merit rool. Hope they make the honor roll next month.

The Liberty Bell was cracked on July 8, 1835, while being tolled as the remains of Chief Justice John Marshall were being taken from the city of Philadelphia. It is a common but erroneous belief that the famous bell was cracked July 4, 1776, while being tolled to proclaim the adoption of the Declaration of Independence. —Ex.

SUCCESS

Success can never come ready to wear, done up in a neat package and handed across the counter. Success will always be homemade. Those who expect success to be delivered at their front doors are going to be disappointed. Success is a mixture of common duties well done. We cut it from the materials of our days and sew it together by our actions into the kind of success it becomes. —Exchange.

Barium Alumni Members "Gone West" or Living Off Of Loco Weed

Last month we emphasized the fact that we wanted to start an "Alumni Column" in the BARIUM MESSENGER of all who have gone out into the world from Presbyterian Orphans' Home.

And with the coopeiation of all those concerned, we can arrange some interesting reading matter for awhile, we believe.

The following information is wanted for this column:

The year in which you graduated from Barium. Your name (both maiden name and marriage) if this occurs.

What is your vocation? Where you are now located.

WISDOM

I say I am wise. Yet dead leaves know
More secrets than my heart can ever guess.
I stand before a crocus' loveliness,
A sword of fire thrust upward in the snow,
And I can never say what embers glow
Beneath this frozen earth. I must confess
A child could stand here with but little less
Of knowledge at the seasons' ebb and flow.
This barren hill holds fast dark sleeping seeds
Whose flame and fragrance soon shall still the blood;
Yet wise in words and ways of men, and creeds.
I cannot know one purple twilights plan.
Unraveling the crimson of one bud,
I tremble at the ignorance of man!

Senior Class Play to be Given Next Month

Three-act Comedy 'College Cut-Ups" to be Staged

A three-act comedy has been selected for the Senior class play which is to be given on Friday evening, May 8th at eight o'clock.

"College Cut-Ups" is the play title and from what that sounds like it must be good.

The cast of characters for the play will be made of the entire Senior class —ten girls and twelve boys.

WE are herewith publishing next to the last Table of Receipts for the year ending March the 31st, 1931. This used to be the last Table, but since post-season games have come into fashion, we have post-season receipts, and we will no doubt receive as much money during the next three weeks of April as was received during March to apply on the old Church year. Let's just sum up briefly how the various Presbyteries stand at the present time: Winston-Salem is well over the top. Granville Presbytery lacks a little of being over the top. What would be equivalent to her quota for one week. Orange Presbytery is a month and three weeks behind. Concord Presbytery, two months and five days. Albemarle Presbytery, two months and sixteen days. Mecklenburg Presbytery, two months and twenty days. Kings Mountain Presbytery, three months and ten days. Fayetteville Presbytery is behind five months and ten days. Wilmington Presbytery is just barely past the half-way point, being nearly six months behind.

To sum this matter up in another way, the Synod as a whole, is behind the equivalent of 26.3 cents per member, or approximately $19,500.00.

Is this something to be unduly alarmed about? No. We believe the churches and Sunday Schools are going to pay up a large part of that $19,500.00. In fact, all of the Thanksgiving offerings are not yet in. We received during the month of March, $1,362.69 to apply on Thanksgiving.

Let's everybody do two things:

Make a special effort to pay up this full amount so that the Orphanage need not end this year with a deficit. And then let's enlist the aid of the whole church in carrying on the Orphanage work during the comingmh We are sure that there is in every congregation many members that do not contribute regularly to the Orphanage work. If these can be enlisted in the army of Orphanage helpers, the work will go without handicap and continue to do the service that is so much needed at this time.

Next month, we will publish two Tables. One of the receipts applying on the old church year, giving the final standing of each Presbytery for the year; and a new Table for the church year just commencing. We hope that the efforts made to finish up the old year will not cause us to lose sight of the fact that April is a month of the new year, with its expenses and responsibilities, also.

JNO. HOLTON, JR. DIES

At the time of going to press news of the death of John Holton Jr., of Winston-Salem, was received at Barium. He is a son of Mrs. John Q. Holton, member of the high school faculty. Our sympathy goes out to Mrs. Holton in her bereavement.

BARIUM BOY NAMED ON STUDENT BODY BOARD.

Julian West, a member of the class of '30 at Barium Springs, and now a Freshman at Davidson College has been elected secretary-treasurer of the Student Body.

In addition to the duties of this office, he is also performing at mound duty for the Freshman baseball team.

VACCINATIONS

Some one made a very sage remark one time, to the effect that there was nothing permanent about a bath. He might have enlarged on this and said there is nothing permanent about a meal, and vaccinations and such.

We have had this very forcibly brought to our attention at this time, because the time has just rolled around when it is necessaryy to vaccinate practically every child in the Institution. And we have just finished this very unpleasant and uncomfortable job. A fair proportion of Barium's population are still carrying their left arms straight out, and giving their neighbor on the left plenty of room when they sit down. In fact, we have had difficulty the last two Sundays getting our congregation packed into Little Joe's Church on account of sore arms. If the weather had been as pretty as it usually is at this season of the year, there would have been standing room only, because we just couldn't stand to be crowded.

We are glad to report that all vaccinations are getting well, with no ill effocts following, and we are all proud of our new made scars.

Just two months from now will be the time to innoculate for typhoid fever. The last time being in 1928; and then some time during the year, we will check up on diphtheria antitoxins. All of these things seem to be a lot of bother, but when we check up and see the results of these precautions, we are not inclined to grumble over the discomforts of undergoing these various treatments.

There has not been a single case of smallpox, Typhoid fever or diphtheria among the children since these preventive measures have been in use; while prior to that time, typhoid fever and diphtheria were both dreaded diseases.

THE LOUDEST NOISE

The loudest noise ever heard was on Augest 27, 1883, when the volcano of Pike Perbuatan, on the island of Krakatua, exploded in the most violent eruption within the historic times, killing 35,147 people. The Island (which is in the straits of Sunda between Java and Sumatra) was about three by five miles in size before the eruption but only a small portion now remains. four cubic miles were blown into the air and a dust cloud subsequently spread completely aroud the world and colored sunsets in distant parts of the globe for three years afterwards. The sound was heard on the island of Rodriquez, in the Pacific Ocean 3,000 miles away.

ATHLETICS FOR THE SECOND HALF OF MARCH

Athletics has changed from an indoor sport to an outdoor sport during the last two weeks. There were a few basketball games to be played off, and we will give the results of them first: On the night of March the 16th as a wind-up for the season, Barium faculty engaged Troutman faculty on their court with the result that the falculty women of Barium were victorious 21-7; the men of the falculty losing by the score 32-23. The men's game seemed to bring the greatest amount of applause; and the playing T. L. O'Kelley, T. C. Cavin, and J. H. Lowrance featured the bout. There were several other players of both teams that showed an utter disregard for the efforts of the rule makers to keep the game indoors, and sometimes it seemed as tho' the various players tried to see how many fowls they could make at the same time. One particular member being so tall that he would fall with his hands and his feet at the same time, and the referee could not see but one. However at the end of the game both schools and communities were better friends than ever before. On Thursday night, the 19th, the eighth grade girls played the ninth grade girls. The ninth grade being victorious by the score of 15-14. On Monday night the 23rd, the eleventh grade boys defeated the eighth grade boys, 9-8. On Saturday, the 28th, the fifth grade girls defeated the seventh grade girls by a very close score, and on Monday night the 30th, the sixth grade girls defeated the seventh; and now for track.

The track season really opened on Saturday, the 14th, with a track meet between the various classes. The eleventh grade was victorious in this meet.

On Saturday the 21st, at the annual High School Track Meet at Davidson, we scored four points. Then on Thursday, the 26th, in a dual track meet with Hickory, our team was victorious 81-27.

The girls basball team has been practicing faithfully every afternoon, and the next issue of the paper will carry news of their games.

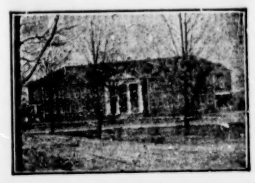
1st FLOOR



WOMANS BUILDING 1st, March 26—Spring is here! Altho the wind won't let you feel like it this evening.

May we say that many of the children have had Roseola or German Measles. But oh! that's nothing to compare with a sore arm due to vaaccination for small pox. Nearly all have received a scratch. My! we'll all be glad to be well once again.

We are sorry to say that basketball is over altho we enjoyed the games, but base ball has taken it's place. Practicing takes place at four in the afternoon. We agree it's all grand sport even if some of us do sit and look on, but we like it just the same.

In our dining room each Sunday morning some cottage gives us a delightful program consisting of songs, scripture reciting and prayer. By the way our turn will soon be creeping around.

The seniors are working hard on their play in order to get it up real well. We know it is going to be the best ever..

We enjoyed a play given by the Statesville High pupils at the Playhouse, March 20. We liked it almost as well as the one last year.

The trees and flowers are bursting forth with buds now which reminds us that spring is here and summer is just around the corner.

Now we must say au revior.

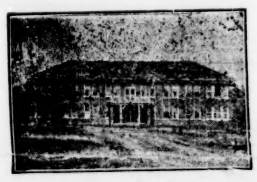
Infirmary



INFIRMARY, March 23—For the past month there has been very few happenings of interest around the Infirmary. Everyone has been busy caring for the sick folks. We have had German measles. Fortunately none have been very sick.

We are vaccinating for smallpox, about half of the children have already been vaccinated, and we are already having a number complaining of sore arms.

We had the pleasure of entertaining Captain Johnston of the U. S. S. Utah while he was visiting here.

The flowers are beginning to bloom. We have been looking for the appearance of new leaves on the shrubbery that was sent to us from Charlotte, and have already been rewarded by seeing some tiy new leaves.

We want to thank Mrs. Kate McKenzie of Rowland for the lovely supply of Myrtle trees and Ivey she maailed to us recently.

Dick and Sally are already counting the days until the arrival of the Easter Rabbitt.

We hope that by next month everyone will be well and there will be more time for news.

"Let me hold your Palm, Olive," pleaded her boy friend, Dutch Cleanser. "You are a little Fairy, and I'm all lathered up about you."

"You're off your Ivory, you poor Sapolio," she answered. "Now if you could only be my Bon Ami, I Woodbury all my other plans, but Lux against us."

"Nay, nay, fair maiden," bubbled Dutch, with Beads of perspiration on his brow. "Don't you realize I'm Grandpa's Wonder and my love is hot as Lava? Hop in my Supersuds and let's make a clean get-away to my castle in the hills. I'll make a Big Deal some day."

So he sighed and he sighed and then gave her a Cashmere Bouquet and a Djer-Kiss and they rode away.

Grammar

You see a beautiful girl walking down the street. She is of course feminine. If she is singular you become nominative. You walk across to her, changing to the verbal and then becoming active. If she is not objective you become plural. You walk home together. Her brother is an indefinite article, and her mother is accusative. She becomes imperative. You talk of the future and she changes to the interrogative. Her father becomes present and you become a past participle.

COURTESY

True courtesy is a sign of real consideration for the rights of others. It is not merely an affected mannerism, but like the development and use of good English, it casts about one who practices it an atmosphere of good breeding.

Sometimes it is not enough to be jnst helpful to your friends, teachers and classmates; do it pleasantly in a tactful manner and even though the service is small it will be appreciated.

Courtesy is best shown by a well modulated voice, feelings well under control and a general pleasant attitude. However, actions are not the only things which express courtesy. Neat appearance and and a ready smile are also big factors.

At home, at school, in the office and in the world in general, the person with the courteous manner and pleasant voice rises quickly in popularity and power above others.---Exchange.

Jennie Gilmer

Jennie Gilmer March 16—The days are becoming longer now and we are very glad of it. This will enable us to have more leisure hours.

Yes, as you will see, we ended the basketball season with a defeat. This defeat however was only the fourth loss, handed to us by other teams, out of twenty-five games. Remember this is just our third year of basketball and the boys have done considerably well. While in the syllogism we wish to mention the wrestling team, because it is made up of the Jennie Gilmer boys. They went thru' the season with only one defeat, handed them by Greensboro. After all this, track has come back for another season. we are in high hopes of having a fine track team. We have plenty of men for each event and when we enter the State meet at Greensbro we are going to grab a few places.

The coming graduation day, will surely take a lot of our boys. Our best athletes and a big part of the spirit of our cottage as well as the place as a whole. We've got to get going and take their places next year. These boys have already gotten their class rings but they had no date on them and they were sent back.

"Monk" Woodward has taken into his care a big hawk. He seems to like "Monk" all right but hawks are mighty slicky. This one was caught in a trap on the farm and was claimed by Mr. "Monk" Wodward, Ph. D., local all-round animal trainer.

Well, the measles left us just before the vaccination came. All the boys are holding their left arms cautiously. This vaccination was for small pox and it will sure fix you up.

Well friends this is a plenty.

THEN LAUGH

Build for yourself a strong box,
Fashion each part with care;
When it's as strong as your hand can make it,
Put all your troubles there;
Hide there all thought of your failures,
And each bitter cup you quaff;
Lock all your heartaches within it,
Then sit on the lid and laugh.

Tell no one else its contents,
Never its secrets share;
When you've dropped in your care and worry
Keep them forever there;
Hide them from sight so completely
That the world will never dream half;
Fasten the strong box securely—
Then sit on the lid and laugh.

Howard

Howard Cottage, March 20th —We got our reports yesterday.

Some of us went up and some went down.

We only have two more months of school. Some of us will have to work hard to make our grades.

We are glad spring is here. We like to watch our flowers and trees come to life and bloom.

It will soon be time to take off our shoes, and we mending girls will be glad to be rid of darning stockings. We darn stockings twice aa week and mend clothes once a week. Most of us have learned to use a thimble, but we thought at first we never could use one.

Miss Alice Thompson, of Yellow Springs, O., who used to work here, sent the Howard girls each a string of beads. We appreciate her doing this for us. She also sent an order for some of our cannas, and some money to buy some candy. We thank you, Miss Thompson, and wish you could visit us.

The Howard girls gave a program at the prayer service in the dining room Sunday morning. Five of our girls had roseola that morning and could not be in the program. Since then several more have had it.

Martha Kinard's mother and sister visited her Saturday.

Three of our girls went to the birthday dinner. They were: Marthat Kinard, Ruth Morgan and Thelma McIntyre. They reported a good dinner. IRENE FORTE.

Lottie Walker

2nd FLOOR

Lottie Walker Second Floor, March 18th—Good Morning, Reader! How do you like this spring weather we are having? It is spring weather even though the steam goes off sometimes and the wind blows with a bang to it. We see the buds bursting and the flowers beginning to bloom, and our tongues wag about spring soon being over, and vacation time being here. You did that way too, didn't you when you were about where we are now in age as well as school.

We have been very fortunate in having Capt. R. Z. Johnston, of Newport, R. I., as a visitor at Barium. He is Mr. J. B. Johnston's brother. One morning at Chapel he delighted us with a descriptive account of one of his chief experiences in the navy. Capt. Johnston is now retired, and carries a gold medal given by Congress.

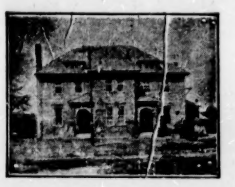
You just ought to look in the Infirmary some time. It is running over with measles or roseola. Call it either one we will know what you mean, 'cause we've been there! We think we will soon be over the worst and are thankful nothing serious has developed.

We are sorry basket-ball season is over, because most of us play and we enjoy it so much. You just ought to see our faculty team play! They have won two games from Troutman faculty and the way they did step around was worth going to see.

Troutman begs for another game, and we surely want to see it, because we know we will have fun.

We are sorry, but we will have to hang our 'close' on this line—until next time. (Toodle-lieu.)

Alexander - Dairy



Alexander Cottage, March 16—Well folks we hope you are all ready to welcome the warm weather. It is looking like summer time around here, we hope it is anyway.

One of our boys got his arm broke by falling out of a tree. Two more are sick in the infirmary with the measles. We hope they get well and can come back to work soon. For we are short of hands on the dairy.

Track has started and our team is looking good. We hope it will be a good one. The eight, ninth, tenth, and eleventh grades had a track meet Saturday. The eleventh grade won.

The women and the men Faculty of Barium played Troutman Faculty team last night. Troutman Faculty men beat our men. Our ladies won by twenty-three to seventeen score.

Walter Fraley told a good joke the other day it went like this. Once there was a negro who belonged to a lawyer and the negro had such a good memory that the lawyer never wrote down any of his plans. The negro memorized them. The devil came to the lawyer and asked him for the negro. The lawyer said, "If you catch him off of his memory you can have him." The next day the lawyer was in court and the negro was out in the field plowing. The devil jumped from behind a stump and said. "Do you like eggs." The negro said yeh! Twenty years after the civil war the negro was plowing in the same field and the devil jumped out from behind a stump and said, "how." The negro said, "fried." Getup mule! We will close.

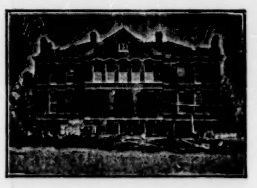
Lees



Lees Cottage, March 18—Ha, Ha! Spring has come. And most of us kids have had the German Measles since the last issue of the Barium Messenger reached you.

Horace Mills is back from the hospital, after an appendix operation and we are glad to have him with us again.

We are going to have our annual Sunday morning program, Sunday March 22. We were to have it the first but called it off on account of measles in our Cottage, but we are all well now except Mac Walton and he has a sore foot. We hope that it will be well soon.

Basket ball season is nearly over and the boys that are out for track hear as they enter the field, "Sixteen times around the track and go in!"

Mac: You don't make very good music with that banjo-uke.

Dewey: No, sir, but I drown out a lot of bad music.

Ben Taylor, the little boy, said to the elephant that ate his peanuts: "You two-tailed Indian rubber-gutted Mongus, if I knew which end your tail was on I would kick you in the pants."

Lees boys send you their best wishes for Easter. Easter Greetings to everyone. —LIP LURE

E know you have been reading about the doings of our athletic teams ng the winter season. We are printing in this issue pictures of a few ese teams. First is the Wrestling Team that has had a most enviable rd, not only over this season, but in past seasons, with victories over cord, Salisbury, Davidson Freshmen, Carolina Freshmen; and one de- by Greensboro.

ext, is the Girls' Varsity Basketball, with a record in keeping with that e past years. Their most notable victories were over Scott, the Lredell nty Champions and over Troutman in the past-season three-game se- Their most spectacular loss was to the Central High School Team of rlotte which resulted in a one-point victory for Charlotte, in the last nty seconds of play.

hen, there is a picture of the Eighth Grade girls' team. We want you reserve this picture. It will make history during the next three years, feel sure. They are good already. There are something like five or six other girls' basketball teams that make good pictures and also play good basketball. We haven't space in this paper to publish all these pictures, but if you will send a dollar and a half for an Annual, you will get all these, and more. This Annual will be out in about thirty days.

The next picture is the Boys' Basketball spuad, and includes not only the Varsity, but the Midget players. Taken all in all, we are proud of our various athletic teams. They haven't won all their games. We've lost enough to keep us from being snooty, and we've won enough to keep us from being downcast. Enough of our players are graduating this year to make us everlastingly dig to get out a team next year; but enough new raw material is coming up to keep us. from being gloomy over next year's prospects.

We have some other teams too, that we are not displaying right at this time, in this paper. They are the All-Star team and the Faculty Team.

The Faculty team's record, so far, is one hundred per cent. It is true they haven't played but one game, but it was a howling success, even to the Cheering Section. They have received challenges which they may or may not accept. It's doubtful if they can be coaxed before a camera, so that their picture can get in this paper. They are just a little timid that way, but not at all timid when it comes to handling a basketball.

What Every Father Knows

I can see the day approaching
When my boy will be encroaching
That I value high.
Now, for instance, just this morning
I detected him adorning
His delighted little person
With my best four-dollar tie!!

But perhaps I ought to mention
I have paid but small attention
To the clothes that he has been wearing
For his mother attends to that.
But from what I saw today
I had better start to pay, Sir,
Some attention, or I am likely
Pretty soon to miss my hat!

And he keeps on a-growin'
He will be more of this showin'—
He'll bedeck himself, I reckon,
With the best I ever wore!
He will swipe my sox and collars,
And the shirt that cost five dollars,
And unconcerned as Moses
He'll go strutting out the door!
But I'm glad ,with him to share 'em-

I will gladly let him wear 'em—
But there'll still be one possessnion
To which I shall hold the key!
I will share with him my riches—
But he'll never wear my breeches,
For the way the rascal's growin'
He'll be twice the size of me.

GIRLS' BASEBALL SCHEDULED SOON; BARIUM DEFEATS HICKORY IN TRACK

Girls' Baseball Team Holding practice Season

Games For This Month

The Barium Springs High School girls' baseball team began practice on Monday, March the 23. The same problem faces the baseball team that did the basketball team. Only one player reporting from last year's nine and one substitute. At present the following girls are out for the team: Captain Donaldson, Todd, Shannon, Long, Miller, Cartrett, Morrow, Dry, Beck, Yarborough, Warner, Brown Little, Beattie Noring, Archer, and several others of the eighth grade class.

A schedule has been arranged with the following teams: Charlotte High, Tech High, Scotts High, Celeste Henkel, and games are pending with winston-Salem High.

Baby Cottage

Baby Cottage, March 23—Most of us have had German measles, but are glad to say not any of us were very sick, we just had a vacation, of a few days and a trip to the Infirmary. We thought when Mabel Billings came up today, we would all be home one more time, but Myrtle Mills decided that was to good to be true so she went down to the Infirmary to take Mabel's place We hope she will soon be well and back with us, for we miss our little Pal"s when they are sick.

Some of our big girls also had the measles and not only that but vaccination arms. Guess they feel that they are really getting more than their share.

We were glad to have Miss Miller's sister and sister-in-law from Mooresville come spend a day with us not long ago. We hope they enjoyed it and will come again.

A few days ago, a brother of Miss Miller from Savannah, Ga. came by on his way to visit his mother. He carried Miss Miller to Mooresville with him. We were so glad she could have the outing and be with her home folks.

Since writing before Mr. J. B. Johnston's brother from Rhode Island made him a visit. We were so glad to have him, Mr. and Mrs. Johnston take dinner with us. They made a short visit to Florida. We enjoyed having Mr. Johnston come take dinner with us and tell about their trip.

Basketball season is all over, and we are all proud of the record our boys and girls made.

In the game between the grades, the ninth grade won the Championship. Guess the next thing will be base ball, and track, and after that Commencement.

On Friday night, March 20th, all the seniors and most of the juniors and some of the other grades went over to Statesville to see the High School play "The Whole Town's Talkink." It was given at the Play House so they also saw the picture "Beau Ideal." They reported a good time.

Among the visitors to the baby cottage to see their children was, Mr. Billings to see William and Mable, and Mrs. Setzer, sister of the Spencer children.

We enjoyed so much having Miss Thompson and Miss Greene take dinner with us Sunday, and all of us enjoyed the music by Miss Greene after dinner.

A few days ago we had a very pleasant visit from Mrs. McAuley (Miss Hanna) our kindergarten teacher, last year. She is a welcome visitor at all times.

A few more days and it will be Easter time and we hope warm weather, for we are getting anxious to be out of doors.

This has been a dull month for news. We hope to have more next time.

Synod

Synod Cottage, March 25th — Not much has happened since we wrote last. We have had roseola and been vacinated for Small Pox, but we are getting over that now.

We don't know about other people but in the spring our fancy turns to kites.. The weather has been good for kiting and we have made the most of it. We can make our own and so it doesn't matter so much if one does get fastened in a tree sometimes.

Several people have taken us for walks lately and we have enjoyed them. We had a very good time when Mr. Johnston took us to see the pigs and let us feed them.

Miss Taylor took some of the larger boys to the airplane show in Statesville. Ever since then we have been air-minded for they told the rest of us all about it. We are all planning to grow up to be aviators.

Now we'll go back to our kites until next month when we'll give you news of the marble season:

Track Season Opens With Inter-Scholastic Meet

The Barium Springs track season opened at Davidson on Saturday, March the 21. Fifteen high schools entered the Davidson College High School track meet, with Barium winning eighth place, among fifteen teams. King winning third place in the shot put and MacKay winning fourth place in the high jump were the Barium scores.

A fine schedule has been arranged which will run through the latter part of May. Meets have been arranged with the following schools: Hickory, Mocksville, Mt. Ulla, North Wilkesboro, Concord and Gastonia. A team will probably be entered in the Civitan Meet in Greensboro and in the State High School Meet at Chapel Hill.

Rumple Hall

RUMPLE HALL, Mar. 20—Well, folks, here we are again though it seems only a few days since we wrote you. But time flies these days.

We only have two and a half more months of school. O, Boy! won't we be glad when that time has gone.

Spring is just around the corner now, for the trees are blooming and my! how the birds are singing.

We have eight girls at the Infirmary and if you have any extra ones please send them to help us in our work.

We went to walk Sunday and had a nice time at the Bear Cave.

Mr. Johnston took us to the movies last Saturday. The name of the picture was "The Right Of Way". It surely was good and we thank Mr Johnston for taking us.

We surely do miss Esther Townsend one of our girls who has gone home, although we know she is having a nice time with her people.
